Great! Does anyone else need to download it, or can I tell Leanne it is ok to take it down?

Miranda,

I've just finished downloading the zip file that Leanne compiled.

Thanks,

Hi Amy and Michelle,

Here are the remaining files from Ecology from our request to them. Can either of you forward this to the appropriate people at Tt who would also need access?

Let me know when you no longer have a need for the site so I can let Ecology know to take it down.

Thanks!

Miranda

Hi Miranda,

I have uploaded the files to <https://fortress.wa.gov/ecy/share/Sites/WQ>

You (and others) should be able to access this site without login or password.

There is a zipped file called DeschutesForMH. To download the file, right-click the file and choose Download.

Please let me know once you have retrieved the file so I can removed from this location.

Thanks and let me know if you have any trouble.

Leanne

I think so – it might take a couple days for IT to get it set up. Can you send me a list of emails you'd like me to share it with?

I'll start the process now.

Hi Leanne – that's great! We do not have an FTP site, so if you have something on your end you can use, that would be helpful. And will it also work for me to share it with TetraTech?

Hi Miranda,

I have more files for you, from our Environmental Assessment Program. Do you have an FTP or something I can upload them to? If not I can create something on this end, just thought I would check first.

I think we have everything you asked us for. I am out tomorrow but will get it you first thing Monday.

Leanne
